

BRIGHT FUTURE FOR IDAHO CITY

Major Fred R. Reed Sings the Praises of Burley.

TELLS WHY IT WILL GROW

BEEF SUGAR RECOMMENDED AS PROFITABLE INDUSTRY.

The future of the new town of Burley, Cassia county, Idaho, is assured if all her boosters are as genial and confident of her prospects as is Major Fred R. Reed, general sales agent for the Burley Townsite company, who is stopping at the Kenyon. Major Reed is no tenderfoot in the west, having spent twenty-nine years in Idaho, and during that time, like Perrine, "discovered" the Snake, he never lost faith in the possibilities of the great valley.

Scarcely less interesting than the story of how these possibilities are being realized one by one is the story of Major Reed. Like I. B. Perrine, when he arrived in Idaho he had no very definite idea of just where he was going to stop or where he was going to find a roof. And, like Perrine again, he was quick to see that all Idaho, the Snake and its valley held most promise.

Major Reed—the title is an earned and not a bestowed one—literally walked his way into the State. He was a member of an immigration wagon outfit which was on its last legs owing to the poor condition of its horses.

Once settled in Idaho, he became in succession coal-puncher, rancher and miner. He is at present interested in quartz properties in his adopted state. He is known in Idaho as one of the best informed men on land camping, etc., in the state. He is associated in his new enterprise with George F. Redway.

At the Kenyon last evening Major Reed grew much more enthusiastic over the new town of Burley and the Snake River valley, generally, than he did over any facts concerning himself or the part he has taken in building up the district.

Burley Healthy Infant.

"Burley," he said, "is a mighty healthy infant, even if she is only two weeks old. In four days after the date of opening, May 1, the company had disposed of \$10,000 worth of lots. Parties are coming in every day. Burley is situated on the south bank of the Snake river, in Cassia county, nineteen miles south of Minidoka, on the new southwestern line of the Oregon Short Line.

"Burley is 600 acres in extent, and is the outlying portion of a large district lying to the south and the southeast. This district includes such towns as Albion, the county seat, and Oakley and many smaller places. The water, the oil and water is of the finest and one of the beauties is that water can be struck almost any place at a depth of thirty or thirty-five feet.

Population Permanent.

"In every instance purchasers of lots have bought them for the purpose of making their home or place of business there. There were no speculative sales. Men have come with their families. The lots already sold represent every part of the city. Every lot is not already homes of their own there are several modern lodging houses. The bona fide residents number about 200 while there are already 100 structures in the place.

"One of the points always in view in buying out the town was to make it a beautiful residence spot. There are six reservations, each comprising one block, set aside for park purposes. Shade trees have been planted and in the future the beautiful place will be cared for and made most attractive."

Business Opportunities.

Asked as to the opportunities for employment and industries, Major Reed said:

"Experts have examined the soil and find that it is exceptionally well adapted to sugar beet raising. The company has sought to impress this on settlers and beet raising promises to be one of the big industries. We have promised of two cash, deer and blind factories, while almost the entire water front has been reserved for manufacturing interests. Sheep and stock men will find excellent range. The fullest possibilities of the country from an agricultural standpoint will be realized when the townsite company installs a pumping plant, which will have an irrigating capacity of 1,200 acres. Mining, too, will help make Burley. From the south are coming fine specimens of ore and marble.

To Bridge the Snake.

"Many Burleyites are awaiting the completion of the Oregon Short Line 1,000 foot bridge which will span the Snake river and allow trains to bring lumber and supplies into the town. Once this is done building will progress rapidly. At present, supplies are ferried across. On the south side of the river grading for the extension of the railroad to Twin Falls has been completed. The bridge will be up within a few weeks. Already we have telephone facilities. The Rocky Mountain Bell company has wires into Burley while the Western Union will be with us in thirty days."

According to Major Reed there is still plenty of opportunity for persons wishing to buy lots in the new town. The company is selling lots at both a time and cash basis, allowing purchasers to pay down one-third if they choose. Major Reed will be at the Kenyon for several days. His reputation was won in company with Dr. S. W. New York resident, under Colonel Emmett Clark.

Gates Does Not Care.

New York, May 11.—The board of directors and executive committee of the Kansas City Southern Railway company met here today and arranged preliminary for the annual meeting of stockholders at Kansas City next Wednesday, when it is stated, the property will be transferred to the Holland interests.

John W. Gates said today that he had no interest in the reported transfer of the Kansas City Southern railway from the Harriman to the Holland interests. Mr. Gates said that he was but slightly interested in the property.

TRAGEDY IN ILLINOIS.

Old Man Fatally Wounds a Neighbor and Commits Suicide.

Bloomington, Ill., May 11.—Truman Mason, aged 65, shot and fatally wounded Dr. V. Davis early today at the postoffice in Wapella, and then killed himself. The shooting grew out of an assault on Davis by Mason six months ago.

ROBBED BY COSSACKS.

Lodz, Russian Poland, May 11.—Two Jews have been attacked and robbed in the outskirts of this city by a band of men. The assailants evidently intended Cossacks, one of the victims managing to tear off a portion of a Cossack uniform. The affair is being investigated.

The Finest Line

Of imported wall paper in the city can be seen at W. A. Duvall's, 119 W. 2nd South St.

ORATORS OF COLORADO AND UTAH WILL CROSS SWORDS IN DEBATE

Clifton R. Bassell, J. Paul Lee and Wayne C. Williams, Representatives of the University of Denver.

Tonight in the Salt Lake theatre will be held the interstate debate between the University of Utah and the University of Denver. The Utah boys have been working diligently and conscientiously on the subject for the past month and are prepared for the battle of their lives. They have the affirmative side of the question, "Resolved, That the Monroe Doctrine should be abolished." The Utah men have the unpatriotic part to argue, yet they intend doing it so forcibly that they will be able to win through superior debating ability.

The three men representing the State University are Benjamin Howells, Henry Soule and O. W. Carlson. Mr. Howells will open up for Utah. He will be followed by Mr. Soule and Mr. Carlson will close for the east bench people.

Denver Boys Will Arrive.

The Denver boys will arrive some time this morning. They will be escorted to the Kenyon hotel by a delegation of students and will there rest up before the debate. Judging from rumors that have drifted here from Denver, the strangers will put up a stiff contest, and if they do not win, at any rate they will have put up one of the hardest fights ever held here.

The Colorado debaters are J. P. Lee,

Wayne C. Williams and C. R. Bassell, all of whom are registered in the law department of the Denver University. Two of them are seniors and the other is a junior, so a splendid showing is expected from them.

Who the Judges Are.

The judges for the evening will be Rev. Elmer L. Goshen, Rev. Benjamin R. Young and Judge William H. King. The judges will be selected in different parts of the house so that they cannot speak to one another, and must hand in a sealed decision.

According to the regulations drawn up between the two institutions the judges are to base their decision on the merits of the debate, and not on the merits of the question itself. Argumentation and effectiveness of delivery are to be the chief considerations to be taken in the order named.

Stephen H. Love will be the chairman for the evening and time keepers will be chosen from the audience.

The audience will be one of the most typically student audiences ever assembled in the Theatre. The whole house has almost entirely been bought up by the students, so that the intermission will be broken by good natured yells and college songs. Howard Harold will give a vocal selection previous to the debate.

GREAT YEAR FOR SHEEP

Heavy Wool Clip and the Highest Price on Record—Many Old Sheep Killed for Mutton.

Ludwig Eisenman, of the firm of Eisenman Brothers of Boston, who has been in Salt Lake for several weeks looking after a number of contracts of wool for his house, said last evening that the wool clip in Utah was practically at an end, and that he was now devoting his attention to product from Montana and Idaho.

The clip in both of those states has been phenomenal in size, and as high as 25 cents a pound has been paid for some select shearings. The sheep men are naturally elated over the results, and the wool buyers are equally so. There have been able to clear off the mortgages on their holdings.

Wool buyers from the east do not think that the same profit will be made next year, but they will not advance any reason for their belief, except to say that the market will have an overplus when all the shearing is completed throughout the country.

A notable fact in connection with the sheep industry through Idaho, Utah, Wyoming and Nevada is found in the large sales of sheep for slaughter. Many of the ranchers have concluded that the wisest course to pursue, if they want to get large returns from the wool clip each year, is to weed out the old sheep and to breed extensively among imported stock. As a result of this, the sheep industry has been taking on a new character. Sheep have been taken off the ranges and sold to buyers from Kansas City, St. Louis, Omaha and Chicago, who transport them to the largest packing houses in the country.

Trainload after trainload of sheep have been moved to the east during the last few months, and the number of sheep that have reached its height. The prevailing price for the live stock is \$2.50 per head, considerably higher than the figure which was obtained a year ago.

BETTER DAYS ARE COMING

Storm Clouds Are Moving East and Warmer Weather Is Promised.

There is every reason to believe that Salt Lake is to have a long period of pleasant weather. The low area which has made life somewhat disagreeable during the past few days has moved to the southeast, and from the Pacific slope there is a high area headed in this direction.

The indications last evening were that today the sky would be overcast but that the temperature would rise. L. Ledholz, who is in charge of the local bureau of the weather department during the absence of Dr. R. J. Hyatt, said last evening:

"The storm area overlying the Rocky Mountain slope yesterday continued its slow eastward movement and this morning its center was hovering about Omaha. It has undergone a decided shrinkage in extent during the past twenty-four hours, though it retains a lessened degree of its dominating influence on the weather conditions of the central portion of the country. Ridges of high pressure flank this depression on either side."

"Rainfall was general over the northern and middle portions of the country from the Pacific to the Alleghenies with rain or snow still falling at numerous points within this belt. Abnormally low temperatures continued throughout the Pacific and in the upper Mississippi valley."

SENTENCED TO DEATH.

Gottschalk's Plea of Guilty Did Not Save Him.

St. Paul, May 11.—Edward Gottschalk, who on Monday last pleaded guilty to having murdered Joseph Hartmann on February 21, his accomplice in the murder and robbery of Christian H. Schindeldecker, a butcher, on February 18th, was today sentenced to be hanged. The governor will fix the day of execution. He received sentence with the stoicism of an Indian.

When Gottschalk was asked if he had anything to say he answered "No, nothing, except I ought to have justice. I have told the truth."

"The mere plea of guilty avails this defendant nothing," said the judge, "this was a most revolting murder."

"Going some" at Walker's. The greatest linen sale we ever held. Now!

SECOND IN THE SERIES

Mr. Goldmark Draws a Good Audience to Unity Hall to Learn About Wagner's Music.

The second in the series of Goldmark recitals was given last evening at Unity hall before an enthusiastic audience, which filled the hall. The subject chosen was the second in the Wagnerian tetralogy, Die Walkure, and was handled in the characteristic style of the musician.

Before beginning the story itself, Mr. Goldmark reviewed briefly the prologue of the tetralogy, Rheingold, and then, using the story of the "Die Walkure," he illustrated it with the various motifs of the music. The meeting of Siegmund and Sieglinde, the terrible consequences of their love, the murder of Siegmund, and the final punishment of Brunnhilde are all portrayed with the master touch of the skillful musician, as well as the tender.

The music drama of "Tristan and Isolde" will be presented this evening, and following it Mr. and Mrs. Graham P. Putnam will entertain a few musicians in compliment to Mr. Goldmark.

STATE NEWS

BURGULARS WERE FOILED.

Attempt Made to Burglarize Lehi Commercial & Savings Bank.

Lehi, May 11.—An effort was made to burglarize the Lehi Commercial & Savings Bank last Monday night, though the bank's officials knew nothing of the attempt until last evening. The burglars, who were the Second ward choir made the discovery. The Second ward rents several rooms in the building, and the choir, when they were in the building, discovered the attempt.

PROVO SUIT NOTES.

Provo, May 11.—Suit for divorce has been commenced by Mrs. Ella Gledhill (American) against Nepht Gledhill on the grounds of failure to provide for the support of the family.

The speakers at the funeral services over the remains of John Gillies, held yesterday, were Elder Andrew Watson, Bishop George M. Smoot and Elders William Varley and George A. Starling. The old folks of Provo City and Pleasant View held an excursion to the castle some time about the middle of June. The following committee of arrangements has been appointed by the old folks' committee: O. H. Berg, Niels Johnson and Mary M. Boyden.

The following Provo people left last evening over the Salt Lake route for Los Angeles: Mr. and Mrs. George C. Scott, Dr. J. H. Slater and Mrs. C. A. Hequist. Dr. Slater and Mrs. Hequist go to visit Mrs. Kitty A. Hines, mother of Mrs. Hequist, who is in Los Angeles. Mrs. Hines has been in Los Angeles several months, and which he paid the fare to go to the coast.

SUICIDE A WOODMAN.

Carried \$3,000 in That Order in Favor of Mother.

Park City, May 11.—No word has yet been received from the relations of D. A. Grady, the man who killed himself here last evening, as to the disposition of the body is to be made is not known. The dead man was a woodman of the world and carried an insurance of \$3,000 in the favor of his mother, who lives in O'Neill City, Neb.

Mrs. C. A. Blocher entertained yesterday afternoon a "hat" party, the entertainment of the afternoon being a hat-making contest in which every lady present was furnished with two large sheets of paper and were required to make a hat. Mrs. D. B. Shields was awarded the prize for the most artistic production. Following the contest a most elaborate lunch was served.

The attention of the sealers of weights and measures was called yesterday to a serious violation of the law of just weights as used in Park City and from now on some very stringent measures are to be taken by this officer to enforce the law.

About two months ago a general test of weighing machines belonging to the local merchants were made by the officer and in almost every case it was found that the merchants were giving the local weights in everything and in many

New Nerve Force Needed in the Spring

When you do not sleep well—when you are nervous—when you are dull, moody and dejected, "tired most of the time"—you need new nerve force. Paine's Celery Compound gives you new nerve force and health—the health that always makes you at your best—bright, hopeful, happy, and ambitious health—that makes life worth living.

The health that gives you sound sleep—to wake up refreshed in the morning—to know the joy of good work—to have steady nerves—to relish a good meal.

This is true health—the whole system working in such perfect harmony that you think no more about it than a child thinks of it.

Paine's Celery Compound is a real food for the nerve centers. Instead of simply encouraging the nerves to burn themselves up, it feeds them, and builds the entire nerve fabric.

The force sent out by the nerves when they are healthy, and strong and acting as they should is nature's stimulus, to keep all the organs of the body working well. It is in this wise, gentle way that Paine's Celery Compound works all its wonders.

She Needed New Nerve Force.

"Following a severe attack of La Grippe my general health seemed to be seriously affected. I suffered from constant nervous headache and was so unstrung that everything irritated me until I was in a precarious condition. I also was troubled with sleeplessness and would rise in the morning more weary than I went to bed. As medicine did not seem to help me any, the doctor advised a complete change, but as I was unable to go away, a neighbor advised me to try Paine's Celery Compound. I used it faithfully for a week, feeling that I daily grew better and stronger and my health kept gradually improving until I had used three and a half bottles, when I was in perfect health, with no trace of my former troubles. A number of my friends who saw what Paine's Celery Compound had done for me have used it since and they all feel as pleased with results as I am. You're very truly, Mrs. L. F. Mulroy, Fifth and Mercer Sts., Seattle, Wash. (Treas. Skagway Country Club.)

Try one bottle—see how much better you feel

PAINE'S CELERY COMPOUND

The celebrated nerve vitalizer and tonic

If you ask a druggist for a bottle of Paine's Celery Compound and he sells you a counterfeit and an imitation and tells you it is just as good or better, he is trying to deceive you. He is trying to substitute an unknown article for a known product because he will make a few cents more out of your innocence. In his mind the question of real merit does not enter into the transaction—but the question of a few cents does.

When you ask for Paine's Celery Compound see that you get the real Paine's Celery Compound, with the picture of the bunch of celery on the bottle.

THE OLD RELIABLE

If It Rains All Summer

You won't need any hose. But if it doesn't you will need some. We are certainly in the front line, when it comes to a hose talk. We have hose from 5 cents to 25 cents. Cotton, Rubber and Wire Wound. Nearly every foot guaranteed. The smoothest running, cutting, and looking Line of Lawn Mowers in the city are now on exhibition at our store.

SHAKE IT OFF

Rid Yourself of Unnecessary Burdens. A Salt Lake Citizen Shows You How.

Don't bear unnecessary burdens. Burdens of a bad back are unnecessary. Get rid of them. Doan's Kidney Pills cure bad backs; cure lame, weak and aching backs; cure every form of kidney ills. Lots of local endorsement to prove this.

Mrs. Sarah Beatty of 1261 West Fourth South says: "I have had attacks of backache for two years. For a week at a time I have been almost wild with pain just across the kidneys. When a person cannot bend, lift or turn, they are helpless, and naturally ardently long for some means to give even the slightest relief. A friend of mine, who had obtained Doan's Kidney Pills at the F. J. Hill Drug Co.'s store told me they had brought her undoubted benefit and insisted upon my trying them. Following her advice I got a box and took a few doses. They helped. A continuation of the treatment for some time, much to my surprise, and considerably more to my gratification, stopped the trouble entirely."

For sale by all dealers. Price 50 cents. Foster-McBride & Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, heeding act promptly. Dr. King's New Discovery of Cough, Croup, Whooping Cough and Colds. Greatest relief in other remedies. I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds. Greatest relief in other remedies. I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds. Greatest relief in other remedies. I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds.

APPEARING OLD.

Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, one's youthful appearance. It is impossible to do this without retaining a luxurious growth of hair.

The presence of a burrowing germ which lives and thrives on the roots of the hair, until it causes total baldness. Newber's Herpicide is the only known destroyer of this pest, and it is as effective as well as safe. Herpicide makes an elegant hair dressing as well as Dandruff cure. Accept no substitutes—there is none. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Funny thing about some people—being bound to take quinine because their mothers used to. Their mothers didn't know about
